HQ20150408000011	Fix Dual recording files when record on motion changes to always record

Known Issues:

1. Chrome on MAC is not supported because of JAVA compatibility issue
<http://java.com/en/download/faq/chrome.xml>
2. Since "Super model" was changed to "Universal model", please remember to manually select "Universal model" and "Save" for those cameras assigned as "Super model" after upgrading to V2.4.
3. Windows application: Please use DNR-322L v2.4.1 Windows Application
4. Need to install Microsoft Visual C++ 2008 Redistributable Package before run NVR search utility
