Check Your Package Contents

These are the items included with your purchase: If any of the below items are missing, please contact your reseller.

Run the Driver CD before you install the DUB-T200

For the first-time installation of DUB-T200, two steps are involved: USB 2.0 Driver and software. See below for detailed descriptions of these installations.

Turn on your computer and Insert the D-Link DUB-T200 Driver CD in the CD-ROM drive.

Click Install DUB-T200 Driver

If the Autorun screen does not automatically start, click on **Start > Run**, enter "D:\Bin\Autorun.exe" and click OK. "D" represents the letter of your CD-ROM drive. Replace it if your CD-ROM drive is a different letter.

USB Driver Installation (Continued)

Now on your computer desktop, you will find the TV Plus desktop

icon. Double click $\mathbf{D}_{\mathbf{k}}$ to proceed with the registration.

In the opened Serial Number Check dialog box, enter the texts - on your CD paper bag. When finished, click OK .	Serial Number Check
	This product has been developed by honestech.
Click OK	OK Cancel

When you finish the installations mentioned above, launch TV Plus and choose the **TVR** mode from the **Application Bar** on the interface to acquire the video source. For more details about TV Plus, please click the **Help** button, rolearn more about the program.
